

NAVSTA School Liaison Officer Child & Youth Education Services

As School Liaison Officer (SLO) for Naval Station Great Lakes, my focus is to provide school information enabling parents to make informed decisions for the best educational fit for their child. I serve as the primary point of contact between parents, the military installation, and the local school community.

Seven core areas:

- School Transition Services (PCS Cycle)
- Deployment Support
- Post-secondary Preparation
- Partnerships in Education
- Home-School Linkage , Support
- Special Education System Navigation
- Installation, School, and Community Communications

Illinois is not a choice state, which means you must live within the boundaries of the school district you wish your children to attend. Please be advised that public schools in IL charge registration fees. Please check with your district, as fees vary. Illinois also requires a medical, dental, and eye exam for enrollment.
